

Here's how you can install these Lisp programs:

### **For CADian Pro 2025 & 2026 Users:**

- 1/ **Exit** any running CADian program
- 2/ **Download** the attached file:
  - CADian 2026 : **CADianLisp\_Pro2026\_Installer.zip**
  - CADian 2025 : **CADianLisp\_Pro2025\_Installer.zip**
- 3/ **Extract** the downloaded file
- 4/ **Run** the installer file: **CADian Utility - Installer.exe**
- 5/ Once the installation is complete, **launch** CADian
- 6/ Utility programs will **load automatically**, adding a new menu to your interface.

=====

### **For CADian Classic & CADian Pro 2024 (and older) Users:**

- 1/ **Exit** any running CADian program
  - 2/ **Download & Extract** the attached file:
    - **CADLisp\_Pro2024&Classic\_Manual Install**
  - 3/ **Copy** all extracted files into **[C:\cadian]** folder.
  - 4/ **Launch** CADian Pro or Classic
  - 5/ Type **[ap]** (Appload) in the command line and press **Enter**
  - 6/ Click **[Contents]** in Startup Suite (marked in Red in image below)
    - Startup Suite popup should appear
    - Click **[Add]**
    - Navigate **[C:\cadian]** and **[LSP \_ALL.ELF]** file
    - **[c:\cadian\LSP\_ALL.ELF]**
    - Exit the popup and Application window by pressing **[Close]** then **[Close]** again
  - 7/ Utility programs will **load automatically**, adding a new menu to your interface.
